WHAT IS INACTIVE MEMBERSHIP?

You don't have to lose contact with your profession or miss out on hearing about current nursing and midwifery issues when you take a break from paid work or retire.

Whether you are on parental leave, an extended break, pursuing other interests, between jobs, or retired, you can keep up to date with nursing and midwifery by maintaining inactive membership of the QNMU.

Inactive membership is available for non-practising nurses and midwives on extended unpaid leave. This means you can maintain your QNMU membership without having to pay full membership fees.

Inactive membership means you continue to:

- be covered by the QNMU's professional indemnity insurance policy*
- have access to QNMU LegalPlus, our comprehensive discounted legal service
- receive your copy of the QNMU's journal—*InScope*—four times a year
- access the Union Shopper discount buying service to make great savings on a whole range of goods and services
- receive return-to-work advice.

***As an inactive member, you will continue to meet the NMBA's professional indemnity insurance standard if you wish to remain registered. You will also be covered by professional indemnity insurance should you engage in a Good Samaritan Act while not working, or while working as a volunteer in nursing.**

HOW?

Simply phone the QNMU's membership section on 3840 1440 or toll free on 1800 177 273 to change your membership.

When you resume paid nursing or midwifery work you will need to contact the QNMU to upgrade your membership to ensure you remain covered by our insurance policy.

**Members on WorkCover for more than six months or on temporary disablement superannuation payments may also access inactive membership.*
