14.2 In addition, where the Brisbane CPI figure exceeds the relevant wage increase provided at clause 14.1(a) and (b) during the corresponding CUA period, a CPI Uplift Adjustment ('CUA') will be triggered as outlined below.

(a) For CUA period 1:

- (i) a CUA is triggered when the March 2026 Brisbane CPI figure exceeds the 3% wage increase at clause 14.1(a);
- (ii) the amount of the CUA triggered will be equivalent to the percentage difference between the March 2026 Brisbane CPI figure and the 3% wage increase, to a cap of 0.5%.

- (i) a CUA is triggered where the March 2027 Brisbane CPI figure exceeds the 2.5% wage increase at clause 14.1(b);
- (ii) the amount of the CUA triggered will be equivalent to the percentage difference between the March 2027 Brisbane CPI figure and the 2.5% wage increase, to a cap of 1%.

(c) For the avoidance of doubt, there is no CUA associated with agreement Year 3 at clause 14.1(c) due to the GEC increase at clause 14.1(d).

Eligibility

14.3 To be eligible for the above wage increases, it is a requirement that:

- (a) A person must be employed under this agreement on or after certification to be entitled to any wage increase under clauses 14.1 and 14.2 above; and
- (b) If a CUA is triggered in any agreement year, a current employee will be eligible for the CUA:

- (c) Despite clause 14.3(b), a person who is not a current employee will become eligible for the CUA only when they provide the relevant information as required to Queensland Health Payroll by calling 1800 239 074 and selecting the option for relevant pay office confirming that:
 - (i) Where the CUA is triggered pursuant to clause 14.2(a) the person was employed under this agreement during CUA period 1.
 - (ii) Where the CUA is triggered pursuant to clause 14.2(b) the person was employed under this agreement during CUA period 2.

Payment of the CUA

14.4 The CUA entitlement crystallises, and therefore is payable where:

- (a) The CUA is triggered for a CUA period; and
 - (i) The employee eligibility requirements at clause 14.3(a) to (b) are met; or
 - (ii) The relevant information set out in clause 14.3(c) is provided.

14.5 Where the CUA entitlement crystallises:

- (a) For CUA period 1 payment will apply as if it had formed part of the increase at clauses 14.1(a).
- (b) For CUA period 2 payment will apply as if it had formed part of the increase at clauses 14.1(b).

- 14.6 Payment will be made no later than the pay period that is four months after the CUA entitlement crystallises.
- 14.7 Where an employee receives the award rate of pay at any time during a CUA period, this is taken to be absorbed such that any award payment within that period is taken to form part of the CUA.

Salary schedules and other financial elements

- 14.8 The salary schedule at Schedule 1 reflects the wage increases provided for at clause 14.1.
- 14.9 The salary schedule rates will be increased where the CUA entitlement crystallises and will have a compounding effect for the purposes of subsequent increases pursuant to clause 14.1 and (if applicable) clause 14.5.
- 14.10 The allowances and/or other financial elements that increase pursuant to clause 14.1 are outlined in Schedule 2, and will also increase and compound in accordance with the CUA if the CUA entitlement crystallises.
- 14.11 Where the CUA entitlement crystallises in any agreement year, the employer will publish updated rates reflecting this on a public facing website.

14.12 Definitions

Applicable rate means the higher of the final rate under the *Nurses and Midwives (Queensland Health and Department of Education) Certified Agreement (EB11) 2022* or the relevant parent award rate at the nominal expiry date of *Nurses and Midwives (Queensland Health and Department of Education) Certified Agreement (EB11) 2022*.

Brisbane CPI figure means the relevant through the year March CPI outcome (All Groups Brisbane) as published by the Australian Bureau of Statistics.

CUA is triggered means

- When, for CUA period 1, the March 2026 Brisbane CPI figure published by the ABS exceeds the wage increase of 3%
- When, for CUA period 2, the March 2027 Brisbane CPI figure published by the ABS exceeds the wage increase of 2.5%

CUA entitlement crystallises means that the CUA is triggered for a particular CUA period in accordance with clause 14.2; and

- the employee eligibility requirements outlined in clause 14.3(a) to (b) are met; or
- the information provided in the exceptions at clause 14.3(c) is provided.

CUA period means:

- For CUA period 1 – on or after certification of this agreement and between 1 April 2025 to 31 March 2026; or
- For CUA period 2 – on or after certification of this agreement and between 1 April 2026 to 31 March 2027.

Current employee means a person employed under this agreement on or after certification who continues to be employed under this agreement at the date the CUA entitlement crystallises. In the case of a current casual employee, they must also have performed work under the agreement within the 12-week payroll period immediately prior to the date the CUA entitlement crystallises.

Preceding agreement rate means:

- For Agreement Year 2, the relevant agreement rate of pay for Agreement Year 1 reflecting the increase at clause 14.1(a) and any increase at clause 14.5(a) where the CUA entitlement crystallises.

- For the GEC increase at clause 14.1(d), the relevant agreement rate of pay for Agreement Year 3.

- 14.13 Any State Wage Case increases will be absorbed into the pay points prescribed in this Agreement. Provided that any annual State Wage Case increase which would provide a higher overall annual wage rate than those prescribed in Schedule 1 and Schedule 9 to this Agreement will be applied from the operative date of the State Wage Case. Further, any associated State Wage Case increase to allowances listed in Schedule 2 and Schedule 9 to this Agreement will be absorbed. This does not limit allowances not specified in Schedule 2 to this Agreement being increased in accordance with any State Wage Case decision.

15 Payroll

- 15.1 The employer will continue to work with health unions to implement system-wide payroll solutions.
- 15.2 The parties acknowledge the employer is working to introduce new technology such as real-time rostering and processing which will address ongoing issues regarding over and underpayments and streamline payroll processes. The parties agree to continue to consult regarding the introduction of these new procedures. Consultation will include nursing stakeholders at the local level such as NUMs and MUMs.
- 15.3 The parties agree to work together to identify ways to increase employee satisfaction and access to meaningful payroll information for employees.

15.4 Underpayments

The employer is committed to correcting individual employee underpayments in a timely manner. If an employee incurs an underpayment the employer will:

- (a) upon being advised of an underpayment, acknowledge the contact by the employee within 24 hours;
- (b) when an underpayment is validated, and relevant paperwork authorised and submitted (if necessary), the employer will ensure the underpayment is corrected within the current pay cycle; and
- (c) process an ad hoc payment at the request of the employee in accordance with *HR Policy C13 Payment of Salaries and Wages*, as amended from time to time.

15.5 Overpayments

In light of the above processes regarding underpayments, if an employee is also notified of an overpayment, the employer will not pursue this separately to any underpayment for the individual if the over and underpayment are sufficiently related. The individual case management approach will ensure such coordination of correcting an individual's overpayments and underpayments occurs.

16 Superannuation

- 16.1 Superannuation contributions will be made to a fund of the employee's choice, provided the chosen fund is a complying superannuation fund that will accept contributions from the employer and the employee.
- 16.2 Where an employee has not chosen a fund in accordance with clause 16.1 above, the employer must make superannuation contributions for the employee (including salary sacrifice contributions) to the Government Division of the Australian Retirement Trust (known as QSuper).
- 16.3 The choice must be made in a form determined by the employer or in any standard form released by the Australian Taxation Office. The employer must implement the employee's choice for superannuation contributions made at any time after 28 days from the date the employee's choice is received.
- 16.4 The employer must contribute to a superannuation fund for an employee the greater of:
- (a) the charge percentage prescribed in the *Superannuation Guarantee (Administration) Act 1992* (Cth) (SGAA Act), of the "ordinary time earnings" of the employee as defined in the SGAA Act; and
 - (b) the rate prescribed by regulation under section 23 of the *Superannuation (State Public Sector) Act 1990*.

- 17.1 An employee may elect to sacrifice up to 50% of salary payable under this Agreement, and also where applicable the payments payable via the employer to the employee under the *Paid Parental Leave Act 2010* (Cth).
- 17.2 Despite clause 17.1 above, employees may sacrifice up to 100% of their salary for superannuation.
- 17.3 The individual salary sacrificing arrangements of any employee will remain confidential at all times. Proper audit procedures will be put in place which may include private and/or Auditor-General reviews. Authorised union officials will be entitled to inspect any record of the employer to ensure compliance with the salary sacrificing arrangements, subject to the relevant industrial legislation.
- 17.4 For the purposes of determining what remuneration may be sacrificed under this clause, 'salary' means the salary payable under Schedule 1 to this Agreement, and also where applicable the payments payable via the employer to the employee under the *Paid Parental Leave Act 2010* (Cth).
- 17.5 Salary sacrificing arrangements will be made available to the following employees covered by this Agreement in accordance with *Office of Industrial Relations Circular C2-24: Arrangements for Salary Packaging* and any other relevant Office of Industrial Relations circulars issued from time to time:
- (a) permanent full time and part time employees;
 - (b) fixed term full time and part time employees; and
 - (c) long-term casual employees as determined by the *Industrial Relations Act 2016*.
- 17.6 **Fringe Benefits Tax (FBT) exemption cap:** The FBT exemption cap is a tax concession under the *Fringe Benefits Tax Assessment Act 1986* (Cth) for limited categories of employers. The FBT exemption cap is not an employee entitlement. The manner of the application of the FBT exemption cap is determined by the employer in accordance with the FBT legislation. Under the FBT legislation, to be eligible for the FBT exemption cap at the time fringe benefits are provided, the duties of the employment of an employee must be exclusively performed in, or in connection with, a public hospital or predominantly involved in connection with public ambulance services.
- 17.7 Where an employee who is ineligible for the FBT exemption cap sacrifices benefits attracting FBT, the employee will be liable for such FBT.
- 17.8 Under the FBT legislation, the FBT exemption cap applies to all taxable fringe benefits provided by the employer, whether through the salary sacrificing arrangements or otherwise. Where an employee who is eligible for the FBT exemption cap sacrifices benefits attracting FBT, the employee will be liable for any FBT caused by the FBT exemption threshold amount being exceeded as a result of participation in the salary sacrifice arrangements. To remove any doubt, any benefits provided by the employer separate from the salary sacrifice arrangements take first priority in applying the FBT exemption cap in respect of the 2022/23 FBT year and prior FBT years. However, in accordance with a Queensland Government policy decision, any salary sacrificed benefits take priority over benefits provided by the employer separate from the salary sacrifice arrangements in applying the FBT exemption cap in respect of the 2023/24 FBT year and future FBT years.
- 17.9 Where the employee has elected to salary sacrifice a portion of the payable salary:
- (a) subject to Australian Taxation Office requirements, the sacrificed portion will reduce the salary subject to appropriate tax withholding deductions by the amount sacrificed;
 - (b) any allowance, penalty rate, overtime, weekly workers' compensation benefit, or other payment, to which an employee is entitled under their respective Award, Act or Statute which is expressed to be determined by reference to the employee's salary, will be calculated by reference to the gross salary which the employee would receive if not taking part in salary sacrificing arrangements;
 - (c) salary sacrificing arrangements will be maintained during all periods of leave on full pay, including the maintenance of cash and non-cash benefits; and
 - (d) the employee's salary for superannuation purposes and severance and termination payments will be the gross salary which the employee would receive if not taking part in salary sacrificing arrangements.

17.10 The following principles will apply to employees who avail themselves of salary sacrificing:

51 Workload management

51.1 Workload management and the Business Planning Framework (BPF)

- (a) In conjunction with legislated minimum ratios, the BPF is affirmed as the agreed and industrially mandated methodology to ensure safe and sustainable workloads for nurses and midwives.

In addition, the BPF addenda have been developed to clarify the application principles of the BPF and improve consistency and transparency of business planning practices in particular specialty services.

Ongoing BPF addenda education activities will include a specific focus on the relevant addenda, their application and purpose.

The parties also recognise that professional judgement is a valid criterion for deeming a definitive staffing level of nurses and/or midwives as being safe.

- (b) The calculation of the annual operating budget incorporates the following steps:
 - (i) Calculate total annual productive nursing/midwifery hours required to deliver service.

- (ii) Determine skill mix/category of nursing/midwifery hours.
 - (iii) Convert productive nursing/midwifery hours into full-time equivalents.
 - (iv) Calculate non-productive nursing/midwifery hours based on the Award entitlements, as relevant.
 - (v) Convert non-productive nursing/midwifery hours into full-time equivalents.
 - (vi) Add productive and non-productive full-time equivalents together and convert into dollars.
 - (vii) Allocate nursing/midwifery hours to meet service requirements.
- (c) It is acknowledged that since its inception the BPF has been, and will continue to be, enhanced and refined and its application improved. This gives confidence within the nursing and midwifery workforce and management that this will deliver safe staffing and effectively match workforce supply and service demand.

51.2 BPF resources

- (a) Each Hospital and Health Service will continue to have a minimum of one full time permanent BPF coordinator position, who is a nurse or midwife, classified at no less than Nurse Grade 7. This position is a dedicated BPF role which will provide expertise in the BPF, support the BPF Steering Committee and participate in the state-wide BPF Co-ordinators Network co-ordinated by the Office of the Chief Nurse Officer.
- (b) The Office of the Chief Nurse Officer will have a permanent dedicated BPF position to provide BPF expertise and co-ordinate state-wide BPF activities including BPF education and training. The state-wide BPF Co-ordinators Network will report through the Office of the Chief Nurse Officer to NaMIG quarterly on matters to be agreed.
- (c) The BPF resource co-ordinators will be responsible for reviewing the ongoing utility of the BPF addenda through the BPF Resource Network coordinated through NaMIG.

51.3 BPF improvement

51.3.1 Electronic BPF

- (a) The parties agree that every Hospital and Health Service should have access to a standardised/ NaMIG endorsed electronic BPF tool to capture its BPF.
- (b) Hospital and Health Services currently using the eBPF should continue using the program. Those Hospital and Health Services that have not adopted the eBPF should consider the analysis undertaken under the *Nurses and Midwives (Queensland Health and Department of Education) Certified Agreement (EB10) 2018* (NMEB10) with a view to adopting an eBPF.

51.3.2 Timely resolution of workload concerns

- (a) The parties acknowledge the importance of ensuring workload concerns are resolved in a timely manner.
- (b) NaMIG will continue to oversee system monitoring of the implementation of the escalation process, particularly specialist panels, to ensure effective and timely resolution of workload concerns.

 - (iii) Monitoring the workload concern escalation process; and BPF compliance.
- (b) Within 12 months of certification, the parties will jointly review and implement agreed changes to *Table 1: BPF Governance and Negotiation Process of the Business Planning Framework 6th Edition*. This review will focus on clarifying and improving the BPF time frame and service profile negotiation processes for all involved staff.

51.6 BPF promotion

- (a) The parties commit to joint promotion, education and training in the BPF, targeted at:

- 52.1 Wherever possible, where an identified Aboriginal and Torres Strait Islander nursing or midwifery position is vacant, it will be filled or backfilled with an employee who identifies as Aboriginal or Torres Strait Islander.
- 52.2 Where an identified Aboriginal and Torres Strait Islander nursing or midwifery position is unable to be filled or backfilled with an employee who identifies as Aboriginal or Torres Strait Islander, the position should not be left vacant. In these circumstances it is reasonable to employ a person who does not possess the relevant attribute, if it assists the continuity of a critical program or activity which could not otherwise be continued if the position was not filled.
- 52.3 Aboriginal and Torres Strait Islander cultural awareness training must be undertaken by any employee who does not identify as Aboriginal or Torres Strait Islander who backfills an identified position.
- 52.4 If the position cannot be filled by an employee who identifies as Aboriginal or Torres Strait Islander, a non-identified employee may be employed in the position for no longer than 12 months. The role must be advertised as vacant at least every six months, in a further attempt to attract an identified Aboriginal or Torres Strait Islander employee to the position.
- 52.5 The parties recognise the importance of development opportunities to enable employees who identify as Aboriginal or Torres Strait Islander to progress in their careers and will provide development opportunities wherever possible.
- 52.6 Identified Aboriginal or Torres Strait Islander employees will have their professional development supported at all stages of their career through effective succession planning.
- 52.7 The parties will review the Skills Transfer Guideline during the life of this Agreement and consider how it can be used to improve succession planning for key or identified positions.

53 Banked time arrangements

- 53.1 Banked time is endorsed as a means of creating flexibility at the local level to meet the needs of the nursing and midwifery workforce and service requirements. An employee 'banks' hours by mutual agreement through upwards and downwards adjustments in accordance with business rules agreed by the parties.

- 54.2 The decision to agree to second a nurse or midwife, or to extend a secondment, is at the discretion of the appropriate delegate. When considering a secondment, the relevant manager will take a Queensland Health-wide perspective, rather than local, including the recognition of the value of staff mobility and professional development.
- 54.3 A secondment can be refused by the employer only when there are significant operational reasons.

55 Continuity of service when moving between positions

- 55.1 Where an employee moves positions from one Hospital and Health Service to another Hospital and Health Service, or from a Hospital and Health Service to the Department, the employee's employment is not considered to be terminated by the employer unless requested by the employee.
- 55.2 To ensure an employee's entitlements transition between positions, the effective date of the movement to the new engagement/position must be continuous from the end date of the previous engagement.
- 55.3 The below entitlements will move with an employee when they transition between positions (when the movement between positions is continuous as outlined at clause 55.2 above):
- (a) annual leave balance;
 - (b) sick leave balance;

56.2 Employees will be provided with meals and water where it is possible and reasonable to do so and where the employee is unable to provide their own meals and water because they are unable to leave the facility.

56.3 Where an employee is unable to leave the facility, or is required to remain at the facility for long periods of time and it is reasonable and necessary, the employee will be provided with rest space, accommodation and amenities.

56.4 If an employee is unable to attend work or a suitable alternative place of work because of a disaster the employee will receive payment for special leave pursuant to *HR Policy C7 Special Leave*, as amended from time to time.

56.5 The parties agree, time off in lieu (TOIL) is inappropriate during or after a declared disaster given the need to work beyond usual hours to maintain clinical services.

56.6 Nurse Grade 10 and above

A Nurse Grade 10 and above may claim overtime in the following circumstances:

- (a) When a disaster has been declared under the *Disaster Management Act 2003* or when an “internal” disaster, limited to a particular Hospital and Health Service (or facility/service), is declared by a Hospital and Health Service Chief Executive (or delegate).
- (b) The employee works additional hours that attract the overtime payment as a direct consequence of the declared disaster. All claimed overtime must have been worked in order to maintain clinical services, either during or after a declared disaster.
- (c) All overtime must be authorised and paid in accordance with clause 20.2 of this Agreement.

57 Access to leave entitlements

57.1 The parties recognise the right of employees to access all leave entitlements contained in the Award and this Agreement.

57.2 Annual leave

- (a) The parties recognise the importance of annual leave in supporting employees to manage fatigue.
- (b) The employer will provide quarterly reports to NaMIG providing details of annual leave usage by employees.

57.3 Annual leave at half pay

Clause 19.6 of the Award provides for an employer to approve applications by employees to take annual leave at half pay for double the period of time. The parties agree that such applications will not be unreasonably refused.

57.4 Cashing out long service leave

Employees are entitled to cash out their accrued long service leave after becoming eligible for long service leave on compassionate grounds or on the ground of financial hardship.

57.5 Cultural leave – unpaid

- (a) Due to cultural obligations, an employee of Aboriginal and/or Torres Strait Islander origin may take up to five days unpaid cultural leave in each year (or a greater number of days as provided under *HR Policy C7 Special Leave*).
- (b) The entitlement will be administered in accordance with section 51 of the *Industrial Relations Act 2016* and *HR Policy C7*.

57.6 Parental leave

- (a) Eligible employees will be entitled to 14 weeks paid parental leave which may be taken at half pay for double the period of time and 14 weeks paid adoption leave for the primary carer of the adopted child which may be taken at half pay for double the period of time. 57.7 Purchased leave

- (a) Employees of Queensland Health are able to request to purchase leave in accordance with *HR Policy C21 Purchased Leave*.
- (b) Purchased leave is an option whereby an employee can purchase an agreed net dollar amount of leave. Employees are able to access between one and six weeks unpaid leave per annum in a minimum one-week block, in addition to paid annual leave and other entitlements. The absence for this leave is treated as leave without pay but is paid at the net rate.
- (c) The employee enters into an agreement to have an amount deducted from their net pay for the agreement period of 12 months, which is held by the employer, to be paid back to the employee when the related leave is taken. Requests for purchased leave will be genuinely and reasonably considered. The employer may refuse the application only on reasonable grounds. Where an application is refused, the employer is to outline the grounds why the application was refused.

57.8 Special leave

The parties agree *Ministerial Directive 05/17 Special Leave* applies to employees covered by this Agreement. It is noted that this Directive includes discretion to grant leave to attend pre-retirement seminars and to access additional compassionate leave as special leave in certain circumstances.

58 Domestic and family violence

- 58.1 The employer is strongly committed to providing a healthy and safe working environment for all employees. It is recognised that employees sometimes face domestic and family violence that may affect their attendance, performance at work or safety.
- 58.2 Support for employees affected by domestic and family violence is provided for in the *Public Sector Directive 03/20 Support for Employees Affected by Domestic and Family Violence*, as amended from time to time.
- 58.3 In accordance with the *Industrial Relations Act 2016* an employee, including a casual employee, is entitled to 10 days of domestic and family violence leave on full pay in a year if –

 - (b) the employee needs to take domestic and family violence leave as a result of domestic violence.

- 58.4 There is no qualifying period of employment that must be worked before an employee is eligible for domestic and family violence leave. The leave may be used at any time throughout the year including as consecutive days, separate days or parts of days.

- 59.1 Queensland Health is committed to the application of the *Public Sector Commission Breastfeeding and Work Policy* and to a supportive work environment for employees who choose to breastfeed. Decisions made regarding requests for lactation breaks and flexible work options must be fair, transparent, and capable of review.
- 59.2 Lactation breaks are to be made available to employees to breastfeed or express breast milk during work hours. Lactation breaks are to be provided as time off without debit. All Queensland Health employees are entitled to a total of one hour paid lactation break/s for every eight hours worked. For employees requiring more than one hour for combined lactation break/s during a standard working day, flexible work or leave arrangements may be implemented to cover the time in excess of that hour.
- 59.3 Workplace facilities should be provided, where practicable, for employees who choose to express breast milk or breast feed their child during work hours.
- 59.4 An appropriate workplace facility would include, where practicable;

- 59.6 Employees who choose to breastfeed should be supported in that choice and treated with dignity and respect in the workplace.

60 Rural and Remote Directors of Nursing

Employees whose positions were reclassified from Nurse Grade 9 to Nurse Grade 10 in accordance with clause 38.4 of the *Nurses and Midwives (Queensland Health and Department of Education) Certified Agreement (EB10) 2018* will continue to retain an entitlement to the qualifications allowance and additional weeks leave while they remain employed in the reclassified Nurse Grade 10 position.

61 Remote Area Nursing Incentive Package (RANIP)

- 61.1 The Modified Monash Model (MMM) is the tool for classifying sites as remote.
- 61.2 Locations classified at MM 6 (remote) and MM 7 (very remote) may be designated as RANIP locations.

61.3 From 1 July 2026, all MM 6 and MM 7 locations recorded in *HR Policy C2 RANIP* will have ongoing and full RANIP designation. This includes those MM 6 and MM 7 locations listed in *HR Policy C2 RANIP* that have been approved by the Director-General to receive temporary and/or partial application of RANIP entitlements in accordance with clauses 54.3 and 54.4 of the *Nurses and Midwives (Queensland Health and Department of Education) Certified Agreement (EB11) 2022*.

61.4 Annual isolation bonus

- (a) A RANIP employee is entitled, on a pro rata basis, to an annual isolation bonus calculated on the basis of years of service in remote areas, in accordance with Schedule 2.
- (b) The bonus is to be paid as a single annual payment at the completion of each 12 months' service and is not cumulative.
- (c) The allowance is not payable to a RANIP employee in receipt of a locality allowance. To avoid any doubt, RANIP employees will be paid the annual isolation bonus, except where they are eligible for a greater locality allowance under clause 13.8 of the Award.
- (d) Service for the purposes of determining eligibility to the bonus will include all periods of paid leave.
- (e) Periods of unpaid leave in excess of nine working days are not recognised as service for the purposes of this payment.
- (f) The bonus is a flat amount and is not an all purpose allowance.
- (g) The bonus is not payable to casual or temporary employees engaged for less than 12 months
- (h) To avoid any doubt, this clause applies to the exclusion of clause 13.2 of the Award.

62 Remote flexible roster agreement

62.1 Where the employer identifies a need to consider alternative strategies to recruit and retain a nurse or midwife to a particular MM 6 or MM 7 location, it may enter into a remote flexible roster agreement with an employee.

62.2 A remote flexible roster arrangement can only be made by agreement between the employer and the employee concerned.

62.3 A remote flexible roster agreement operates similarly to a purchased leave agreement, allowing an employee to purchase periods of leave by fortnightly deductions from net salary over a period of time. The fortnightly salary deductions are set aside and accessed as "salary" during periods of leave without pay. Those periods will be free from duty but paid through the deductions previously accrued and allow the employee to travel away from the designated remote area.

62.4 Employees who enter into a remote flexible roster agreement will have the following conditions apply:

- (a) Where they are employed in a designated RANIP location they will continue to be eligible for RANIP entitlements on a pro rata basis in accordance with their individual agreement.
- (b) All reasonable travel expenses related to the remote flexible roster agreement – including travel time to and from the employee's home (away from the MM 6 or MM 7 location), travel time to the workplace and accommodation will be met by the employer.
- (c) The employer will provide accommodation while the employee is at the remote workplace.
- (d) The annual leave entitlements will apply in accordance with clause 41 of this Agreement depending upon the type of service in which the employee works.
- (e) The employee must use accrued annual leave, professional development leave or long service leave during periods the employee is rostered "away" from the remote location.

63 Employment security

- 63.1 Queensland Health and Health and Wellbeing Queensland are committed to maximising employment security for their permanent nurses and midwives.
- 63.2 Job reductions by forced retrenchments will not occur.
- 63.3 Volunteers, other unpaid persons or trainees will not be used to fill funded vacant positions.

64 Permanent employment

- 64.1 In accordance with the employer's commitment to job security, permanent employment is the default basis of employment for all employees.
- 64.2 As the foundation of good workforce planning and productivity, the employer is committed to maximising permanent employment and will maintain a rate of at least 90% permanent employment of nurses and midwives in Hospital and Health Services.
- 64.3 While permanent employment is the preferred form of engagement, an employee may be engaged for a fixed term or temporary basis to perform work of a type ordinarily performed by a permanent employee, if permanent employment is not viable or appropriate, having regard to human resource planning carried out by the employer.
- 64.4 Without limiting clause 64.3 above, fixed term temporary employment may be appropriate if employment is for any of the following purposes:
 - (a) To fill a temporary vacancy arising because a person is absent for a known period;
 - (b) To perform work for a particular project or purpose that has a known end date;
 - (c) To fill a position for which funding is unlikely or unknown;
 - (d) To fill a short-term vacancy before a person is appointed permanently;
 - (e) To perform work necessary to meet an unexpected short-term increase to workload.
- 64.5 Also without limiting clause 64.3 above, permanent employment may be viable and appropriate if a person is required to be employed for a purpose mentioned in clause 64.4 on a frequent or regular basis.
- 64.6 A casual employee will not be engaged to permanently or temporarily fill any full-time or part-time position which should be filled by a permanent or temporary employee. A casual employee may be engaged to meet emergent circumstances such as unexpected or unplanned leave for short periods.
- 64.7 The employer supports the accepted industrial principle that temporary and casual nurses and midwives have the right to raise concerns with the employer in relation to their employment status or any other work-related matters without fear of victimisation.
- 64.8 **NaMIG reporting**
 - (a) The makeup of the workforce in terms of types of employment will be reported quarterly in accordance with the reporting requirements at Schedule 4 to this Agreement.
 - (b) The employer will provide quarterly reports to NaMIG on the conversion of temporary and casual employees covered by this Agreement, in accordance with section 115 of the *Public Sector Act 2022*. The reports will include the number of employees eligible for conversion (two years service) and the number of employees converted, by Hospital and Health Service.

65 Part-time hours review

- 65.1 Permanent part-time employees, following approval, may work more than their substantive (contracted) hours on an ad-hoc or temporary basis.

- 65.2 Where an employee works more than their substantive (contracted) hours on a regular basis over a 12 month period, the employee may request in writing to amend their substantive permanent part-time hours to reflect the increased hours worked.
- 65.3 Where an employee has been on parental leave within the previous 12 months the employer will consider the 12 months of service either side of the parental leave.
- 65.4 When assessing a request to review part-time hours, the employer will consider whether the additional hours that have been worked by the employee are:
- (a) a result of an employee being absent on leave, such as annual leave, long service leave, parental leave, or workers compensation; or
 - (b) if there is likely to be an ongoing need in the work unit for the backfill of leave, the employee may be considered for a permanent increase in contracted part-time hours; or
 - (c) due to a temporary increase in hours only in response, for example, to the specific needs of a resident or client; or
 - (d) worked backfilling a different position or work undertaken in a different type of role.
- 65.5 Requests to amend substantive permanent part-time hours must not be unreasonably refused.
- 65.6 If an employee is refused an increase to their contracted hours pursuant to this clause, they must be provided with written reasons for the decision within seven days of the making of that decision.
- 65.7 Any agreed permanent increase to an employee's substantive part-time hours is limited to one hour less than full-time hours, provided that this sub-clause does not prevent a permanent part-time employee from being employed as a full-time employee.

66 Contracting out

- 66.1 The following definitions apply in clause 66:
- (a) **'commercial in confidence'**, for the purposes of sub-clause 66.6.2 below, means:
 - (i) the external contractor's financing arrangements; or
 - (ii) the external contractor's cost structure or profit margins; or
 - (iii) the external contractor's full base case financial model; or
 - (iv) any intellectual property in which the external contractor has an interest; or
 - (v) any matter the disclosure of which would place the external contractor at a substantial commercial disadvantage in relation to other external contractors or potential external contractors, whether at present or in the future.
 - (b) **'emergent services'**, for the purposes of sub-clause 66.4 below, means where any delay to contract out or lease a service would cause:
 - (i) immediate risks to patients in Queensland; or
 - (ii) any detriment to the delivery of public health services to the Queensland public.
 - (c) **'external contractor'** means any person, partnership, organisation or corporation with whom the employer contracts to provide services at existing sites or new sites or with whom the employer contracts to lease out services at existing sites or new sites.
- 66.2 It is the clear policy of the employer to maintain existing government services and that the contracting out or leasing of services by the employer will only occur in the circumstances described in clauses 66.4 and 66.5 below.

- 66.3 The following circumstances do not involve the contracting out, or the leasing of services, by the employer at existing sites, within the meaning of clause 66.2 above:
- (a) where the employer engages or funds community service providers:
 - (i) through grant programs; or
 - (ii) by way of pre-existing, ongoingly funded programs; or
 - (b) the funding of Aboriginal and Torres Strait Islander Community Controlled Health Organisations; or

- 66.5 Further, despite clause 66.2 the parties to this Agreement agree that, subject to the requirement of the employer to consult as provided for in clause 66.6 the employer may temporarily contract out or lease out services to an external contractor at existing sites or new sites, in the following circumstances:
- (a) where the employer can reasonably demonstrate that it does not have sufficient appropriately skilled staff;
 - (b) where the employer can reasonably demonstrate that it is in the public interest that services should be contracted out or leased out; or
 - (c) where the employer can reasonably demonstrate there is a lack of available infrastructure capital and the cost of providing technology provided that in respect of this sub clause, contracting out cannot occur until agreement is obtained at NaMIG, provided further that such agreement will not be unreasonably withheld.
- 66.6 This clause only applies where the employer proposes to contract out or lease a service in the circumstances described in sub-clause 66.5 above.
- 66.6.1 The employer must ensure that the affected employees, and the relevant unions, are informed of any proposal to contract out, or lease, services before:

 - (ii) the employer must discuss with the union representatives on NaMIG strategies for the purposes of ceasing the contracting out or lease of the service.

67 Colocation

67.1 Colocation of public and private health services will not result in the diminution of public health services or public sector industrial relations standards in Queensland. Colocation agreements will not diminish existing arrangements for provision of public health services by the employer on a collocated site. This will not prevent the public sector providing services to the private health sector.

67.2 If it is intended that there are further colocations of public and private health services, full consultation will occur at the outset with the relevant unions.

PART 2 - HOURS OF WORK AND OVERTIME

2.1 Hours of work

2.1.1 Ordinary hours

The ordinary hours of duty for employees covered by this Schedule are 38 hours per week for a full-time employee.

2.2 Hours of duty arrangements

- 2.2.1 Generally, ADO leave is to be taken during school vacation periods however leave can be availed of in school terms consistent with the DoE's work-life balance policy and subject to operational convenience. Requests for such leave shall not be unreasonably withheld.
- 2.2.2 An ADO arrangement shall operate on the basis of a 12 month cycle, beginning on the first day of the pupil-free days in January and extending through to the day before the corresponding pupil-free day in the next year.
- 2.2.3 The employer and all employees concerned in each region shall consult over the most appropriate means of implementing hours of duty arrangements.
- 2.2.4 The objective of such consultation shall be to reach agreement on the method of implementing hours of duty arrangements in accordance with these arrangements.
- 2.2.5 Agreement will not be unreasonably withheld by either the employee or the employer.
- 2.2.6 The outcome of such consultation will be recorded in writing.
- 2.2.7 An ADO agreement may be altered by mutual agreement. Agreement should not be unreasonably withheld.

2.2.8 In determining the ADO agreement, the employer shall:

- (a) ensure ADO arrangements meet the needs of the regional service;
- (b) consider the health and safety of staff when requiring staff to work during vacation periods;
- (c) consult on the requirement to work specific hours before directing an employee to work those hours;
- (d) where the working of particular hours is not suitable to an employee on a given day, take into account whether other staff are available and competent to perform this work;
- (e) take into account the employee's work-life balance including community commitments;
- (f) consider other leave that is to be taken throughout the year;
- (g) provide the ability to accrue sufficient ADO to cover leave on vacation periods whilst avoiding accrual of excessive leave balances; and
- (h) provide access to a minimum of 12 days ADO accrual in a year for employees working a 38 hour week.

2.2.9 Professional development/collaboration during school vacation

- (a) Nurses will be rostered during school vacation periods for up to 3 days per year for professional development/collaboration purposes as necessary for the function of the State School Registered Nursing Service.
- (b) The specific dates and details will be determined by the State School Registered Nursing Service in consultation with nurses.

2.2.10 Subject to operational convenience an employee may apply for leave without pay to cover vacation periods as required, rather than accruing ADO time. Wherever possible this must occur at the beginning of the 12 month cycle.

2.2.11 The maximum ADO balance at any one time must not be more than 12 days for full time employees and a pro rata maximum for part-time employees, except in exceptional circumstances, as agreed between the employer and the employee. Employees may accrue additional days to provide for flexibility, subject to operational requirements.

2.2.12 The employer must ensure an employee who resigns, retires or otherwise ceases duty has utilised all accumulated time upon cessation of duty.

2.3 Negative balances

2.3.1 Employees may enter into a negative ADO balance in exceptional circumstances such as extended sick leave (greater than four weeks) or other extended absences agreed to between the school and the employee concerned.

2.3.2 This debit may be carried forward into a new school year.

2.3.3 Provided that such negative balance of hours is reduced to a zero balance within a period of 12 months from when the negative balance occurs.

2.3.4 An employee must not have a negative balance of more than 30 ADO hours at any time.

2.3.5 Negative balances on termination of employment may be deducted from the final wages on a time for time basis.

2.3.6 The employer must allow an employee who resigns, retires or otherwise ceases duty, to attempt to reduce the negative ADO balance prior to cessation.

2.4 Overtime

All overtime shall be either paid for in accordance with the *Queensland Public Service Officers and Other Employees Award – State 2015* or, by mutual agreement between the employer and employee compensated by

the granting of equivalent time off in lieu on a time for time basis.

2.5 Surplus hours – ADO/TOIL

2.5.1 In most circumstances employees should have a zero balance of ADO and TOIL hours at the beginning of each 12 month cycle. Where employees have or will have hours in surplus of those required for the 12 month cycle, then the following procedure will apply:

- (a) By the end of term 3, the employee and the Principal shall meet to review the ADO agreement and discuss access to the surplus hours to develop a plan to manage the surplus hours prior to term 4 summer vacation.
- (b) Where such hours have been applied for and refused prior to the December vacation period, then such surplus hours shall be either paid out to the employee at ordinary time rates of pay (on a time for time basis) or carried over to the next 12 month period. The decision to have a payout is solely at the discretion of the employee. Where surplus hours are carried over, such hours must be taken off within that 12 months.

2.6 ADO and workers' compensation

- 2.6.1 Any ADO time rostered to be worked whilst on leave to claim workers compensation must be credited to the employee's ADO balance. Provided that where the employee is subsequently absent on leave claiming workers' compensation during any agreed ADO days after being credited with ADO hours, the employee must be deemed to have taken those ADO days.
- 2.6.2 Where an employee has actually worked ADO hours and is subsequently absent on workers' compensation leave during any ADO days, the employee may take accumulated ADO hours at a time mutually convenient to the employee and the Principal. No relief will be available in such circumstances.
- 2.6.3 Claims sent to WorkCover Queensland must only reflect the ordinary hours that the employee was rostered to work during any absence on leave to claim workers compensation.

PART 3. HEALTH, SAFETY AND WELLBEING

3.1 Workplace health and safety

The parties to this Agreement are committed to continuous improvement in workplace health and safety standards through the implementation of an organisational framework which involves all parties in preventing injuries and illnesses at the workplace by promoting a safe and healthy working environment. All nurses will be assisted in understanding and fulfilling their responsibilities in maintaining a safe working environment.

3.2 Workload management

- 3.2.1 The employer is committed to working with its employees and the QNMU to address workload management issues. It is acknowledged that high workloads can in some circumstances lead to unsafe work practices, therefore DoE should ensure safe work environments are not compromised, and that agency responsibilities under legislation including duty of care to all employees are complied with.
- 3.2.2 *The Nurses' Workload Management Guide* assists SSRNs, ACNCs, CNCs and regional line managers to effectively manage workload.
- 3.2.3 It is recognised by the employer that unrealistic expectations should not be placed on employees by line management to consistently perform excessive working hours whereby no opportunities arise to utilise accrued time or TOIL.
- 3.2.4 The employer is obliged to consider the impacts on workloads when organisational change occurs, particularly those impacts arising from the introduction of new programs and from machinery of government changes. Management at the local level should undertake appropriate consultation with affected employees when implementing organisational initiatives including machinery of government changes that may have an impact on workload of affected employees.

3.3 Flexible work arrangements

- 3.3.1 The employer recognises the increasingly complex interplay between people's work and personal lives and the challenges involved in managing work, family, caring and lifestyle responsibilities. It is committed to helping

employers and employees establish workplace practices that improve flexible work, and have introduced a variety of initiatives on work, family, caring and lifestyle responsibilities.

- 3.3.2 The parties recognise that implementing flexible work initiatives will enable the employer to continue providing effective service delivery to the Queensland public, and to promote the value of diversity and inclusion in the workplace.
- 3.3.3 The employer is committed to improving the uptake of existing flexible work policies across DoE in order to realise the potential of flexible work as a tool to improve the attraction and retention of employees and subsequently productivity for employers.
- 3.3.4 The employer agrees to actively educate and provide practical tools to implement flexible work arrangements - including but not limited to flexible work arrangements policy, parental leave policy, purchased leave policy - for individual organisations and their employees in order to develop organisational cultures that support work-life balance, while increasing wellbeing and performance.
- 3.3.5 Workplace arrangements supported by the employer to assist employees in balancing work, family, caring and lifestyle responsibilities include (but not limited to):
- (a) leave arrangements – e.g. carer’s leave, study/training leave, career breaks, cultural leave, flexible access to long service leave, purchased leave;
 - (b) parenting and pregnancy arrangements – e.g. paid/unpaid parental leave, pre-natal leave, spousal leave, breastfeeding facilities, lactation breaks;
 - (c) flexible working arrangements – e.g. telecommuting, job sharing, flexible hours of work or accrued day off (ADO) arrangements, transition to retirement arrangements, compressed working weeks, averaging ordinary hours; and
 - (d) additional work provisions – e.g. employee services, health programs, exercise facilities, relocation assistance.
- 3.3.6 The employer should monitor the implementation and uptake of flexible work policies across their workforce in consultation through NACC.
- 3.3.7 The parties agree that all employees have a right to request flexible working arrangements and DoE will give fair and reasonable consideration to all requests for flexible work arrangements, and respond to the employee in a timely manner.

PART 4. DISPUTE RESOLUTION

- 4.1 The objectives of this procedure are the avoidance and resolution of any disputes over matters covered by this Agreement, by measures based on the provision of information and explanation, co-operation and negotiation.
- 4.2 Subject to legislation, while the dispute procedure is being followed, normal work is to continue except where the employee has a reasonable concern about an imminent risk to the employee’s health and safety. The status quo existing before the emergence of a dispute is to continue whilst the procedure is being followed. No party shall be prejudiced as to the final settlement by the continuation of work.
- 4.3 There is a requirement for management to provide relevant information and explanation and consult with the appropriate employee representatives.
- 4.4 In the event of any disagreement between the parties as to the interpretation or implementation of this Agreement, the following procedures shall apply:
- 4.4.1 The matter is to be discussed by the employee’s union representative and/or the employee(s) concerned (where appropriate) and the immediate supervisor in the first instance. The discussion should take place within 24 hours and the procedure should not extend beyond 7 days.
- 4.4.2 If the matter is not resolved as per clause 4.4.1 above, it shall be referred by the union representative and/or the employee(s) to the appropriate management representative who shall arrange a conference of the parties to discuss the matter. This process should not extend beyond 7 days.

- 4.4.3 If the matter remains unresolved it may be referred by the employee and/or their union representative to the NACC for discussion and appropriate action. This process should not exceed 14 days.
- 4.4.4 If the matter is not resolved then it may be referred by either party to the Queensland Industrial Relations Commission for conciliation, or if necessary, arbitration.
- 4.4.5 Nothing contained in this procedure shall prevent unions or the employer from intervening in respect of matters in dispute, should such action be considered conducive to achieving resolution.
- 4.4.6 The parties acknowledge that, for matters not covered by this Agreement, there are other dispute resolution procedures available.

PART 5 - WAGES AND RELATED MATTERS

Wage and allowances increases

- 5.1 The Agreement provides for remuneration based on classification levels related to skills required to perform the role so that a female employee doing the same work as a male employee will receive equal remuneration. The classification structure and associated wage rates are contained in Part 5 within this Schedule.
- 5.2 This Agreement provides for the following wage increases:
 - (a) For agreement Year 1, an increase of 3% effective from 1 April 2025 and paid on the applicable rate at 31 March 2025;
 - (b) For agreement Year 2, an increase of 2.5% effective from 1 April 2026 and paid on the preceding agreement rate;
 - (c) For agreement Year 3, an increase of 2.5% effective from 1 April 2027 and paid on the preceding agreement rate; and
 - (d) For agreement Year 3, a GEC increase of 3% effective from 1 December 2027 and paid on the preceding agreement rate.
- 5.3 In addition, where the Brisbane CPI figure exceeds the relevant wage increase provided at clause 5.2(a) and (b) during the corresponding CUA period, a CPI Uplift Adjustment ('CUA') will be triggered as outlined below.
 - (a) For CUA period 1:
 - (i) a CUA is triggered when the March 2026 Brisbane CPI figure exceeds the 3% wage increase at clause 5.2(a);
 - (ii) the amount of the CUA triggered will be equivalent to the percentage difference between the March 2026 Brisbane CPI figure and the 3% wage increase, to a cap of 0.5%.
 - (b) For CUA period 2:
 - (i) a CUA is triggered where the March 2027 Brisbane CPI figure exceeds the 2.5% wage increase at clause 5.2(b);
 - (ii) the amount of the CUA triggered will be equivalent to the percentage difference between the March 2027 Brisbane CPI figure and the 2.5% wage increase, to a cap of 1%.
 - (c) For the avoidance of doubt, there is no CUA associated with agreement Year 3 at clause 5.2(c) due to the GEC uplift adjustment at clause 5.2(d).

Eligibility

- 5.4 To be eligible for the above wage increases, it is a requirement that:
 - (a) A person must be employed under this agreement on or after certification to be entitled to any wage increase under clauses 5.2 and 5.3 above; and

 - (ii) Where the CUA is triggered pursuant to clause 5.3(b) the person was employed under this agreement during CUA period 2.

Payment of the CUA

5.5 The CUA entitlement crystallises, and therefore is payable where:

- (a) The CUA is triggered for a CUA period; and
 - (i) The employee eligibility requirements at clause 5.4(a) to (b) are met; or
 - (ii) The relevant information set out in clause 5.4(c) is provided.

5.6 Where the CUA entitlement crystallises:

- (a) For CUA period 1 payment will apply as if it had formed part of the increase at clauses 5.2(a).
- (b) For CUA period 2 payment will apply as if it had formed part of the increase at clauses 5.2(b).

5.7 Payment will be made no later than the pay period that is four months after the CUA entitlement crystallises.

5.8 Where an employee receives the award rate of pay at any time during a CUA period, this is taken to be absorbed such that any award payment within that period is taken to form part of the CUA.

Salary schedules and other financial elements

5.9 The salary schedule at clause 5.15 reflect the wage increases provided for at clause 5.2.

5.10 The salary schedule rates will be increased where the CUA entitlement crystallises and will have a compounding effect for the purposes of subsequent increases pursuant to clause 5.2 and (if applicable) clause 14.5.

5.11 Any allowances and/or other financial elements that increase pursuant to clause 5.2, as outlined in clause 6.2 (Professional Development Allowance), will also increase and compound in accordance with the CUA if the CUA entitlement crystallises.

- 7.1 The following provisions apply to an employee Nurse Grade 6 and 7 who holds a qualification or advanced qualification recognised by the employer as relevant to the employee's current position which is in addition to the qualification required for registration as a registered nurse or registered midwife with AHPRA.

7.2 A **qualification** is:

- (a) a graduate certificate, graduate diploma, or a qualification of equivalent value; or
- (b) a second bachelor degree.

7.3 An **advanced qualification** is a master's degree or PhD.

7.4 Accelerated paypoint advancement

An employee who obtains a qualification or advanced qualification, and who is not at the maximum paypoint of their classification, will be advanced by one paypoint from the date the qualification is accepted by the employer but will retain their existing increment date.

7.5 Qualification and advanced qualification allowance

- (a) The qualification allowance is calculated on the basis of 3.5% of the wage rate of a Nurse Grade 5, paypoint 7.
- (b) The advanced qualification allowance is calculated on the basis of 5.5% of the wage rate of a Nurse Grade 5, paypoint 7.
- (c) The qualification allowance and advanced qualification allowance is payable for all purposes of this Agreement and Award.

7.6 The qualification allowance and advanced qualification allowance is payable as follows:

(a) Employees at the maximum paypoint:

- (i) An employee who qualifies for an allowance under clause 7.1 and who is at the maximum paypoint of their classification is entitled to receive the relevant allowance from the date the qualification is accepted by the employer.
- (ii) There is no requirement for such an employee to be at the top paypoint for 12 months before receiving the relevant allowance.

(b) Employees at the second last paypoint:

When an employee is on the second last paypoint at the time of receiving the accelerated advancement in paypoint, in accordance with clause 7.4 (Accelerated paypoint advancement), which would then place them on the maximum payment, the relevant allowance is payable from their next increment date and not upon the completion of 12 months' service at the maximum paypoint.

(c) Employees not at the second last or maximum paypoint:

- (i) An employee who qualifies for an allowance under clause 7.1 and who is not at the second last or the maximum paypoint of their classification is entitled to the relevant allowance upon the completion of 12 months' service at the maximum paypoint.

- (b) An employee in receipt of an allowance under clause 7.7(a) is entitled to retain the relevant allowance upon promotion to a higher level, Nurse Grades 6 and 7, inclusive, subject to the qualification being recognised by the employer as relevant to the employee's higher position.
- (c) An employee in receipt of an allowance who relieves in a higher position which does not attract the allowance will be placed on the paypoint within the classification of the higher position which ensures the employee's current rate of pay (including the relevant qualification allowance but excluding penalty rates) is not reduced.

7.8 Qualification allowance where more than one qualification

- (a) An employee who has advanced a paypoint under the above provisions is not eligible for any further advancement with respect to a qualification of equivalent value.
- (b) An employee who has advanced a paypoint in respect of a qualification relevant to a lower classification may also be advanced a paypoint in a higher classification when the employee attains an advanced qualification. In such cases the employee also retains the qualification allowance of 3.5%.
- (c) In such a case, following 12 months' service at the maximum paypoint of the higher classification, the employee forfeits the qualification allowance of 3.5% and the advanced qualification allowance of 5.5% is payable.
- (d) Only one allowance is to be paid at any one time.

7.9 Qualifications no longer relevant

When an employee's qualification is no longer recognised by the employer as relevant to the employee's current position, any allowance payable under the above provisions will cease from the date the employer formally advises the employee of such situation in writing.

PART 8 - EMPLOYMENT SECURITY, ORGANISATIONAL CHANGE AND RESTRUCTURING

- 8.1.1 The employer is committed to providing stability by limiting organisational restructuring and contracting-out of services.

- 8.1.3 DoE shall provide in writing to the members of the NACC of their intention to implement organisational changes that may affect the employment security of employees, prior to the commencement of any planned changes. This shall include all information required to be provided in accordance with the "Introduction of changes" and "Redundancy" clauses of the *Queensland Public Service Officers and Other Employees Award – State 2015*. The employer is also required where requested to provide the QNMU with a listing of the affected staff comprising name, job title and work location.
- 8.1.4 It is acknowledged that management has a right to implement changes to ensure the effective delivery of public services. The consultation process will not be used to frustrate or delay the changes but rather ensure all viable options are considered. If this process cannot be resolved at the NACC in a timely manner either party may refer the matter to Education Consultative Committee for resolution.
- 8.1.5 The parties agree that the employer should report to unions on a quarterly basis the current status of employment practices within DoE. This report should be provided on a quarterly basis at the NACC. Specifically, the report should detail the following:

There is a responsibility on the employee to meaningfully participate in the opportunities made available. The employer will comply with all relevant directives.

8.1.7 All provisions and entitlements relating to organisational change and restructuring can be found in the Directives relating to early retirement, redundancy and retrenchment and employment arrangements following workplace change (as amended) which will apply for the life of this Agreement.

8.1.8 The employer must provide relevant information to the QNMU when it intends to apply the provisions of the Directive (as amended) relating to early retirement, redundancy and retrenchment where an employee may be genuinely redundant or is to possibly be retrenched. Such information must be provided at the same time the employer's intentions are communicated to the employee. An affected employee must be provided with notice of DoE's intention to make redundant or retrench the employee sufficient to allow the employee to seek relevant independent advice.

- (b) the lack of available infrastructure capital and cost of providing technology;
- (c) extraordinary or unforeseen circumstances; or
- (d) it can be clearly demonstrated that it is in the public interest that such services should be contracted out.

Discussions will take place before any steps are taken to call tenders or enter into any otherwise binding legal arrangement for the provision of services by an external provider.
- (b) For the purpose of consultation, the union will be given relevant documents. The employer will ensure that the union is aware of any proposals to contract out or lease current services. It is the responsibility of the union to participate fully in discussions on any proposal to contract out or lease current services.
- (c) If, after full consultation as outlined above, nurses are affected by the necessity to contract out of lease current services, the employer will:
 - (i) negotiate with the union employment arrangements to assist nurses to move to employment with the contractor;
 - (ii) ensure that nurses are given the option to take up employment with the contractor;

- (iii) ensure that nurses are given the option to accept deployment/redeployment with the employer; and
- (iv) ensure that as a last resort, nurses are given the option of accepting voluntary early retirement.

8.3.3 Consultation processes – emergent circumstances

- (a) The employer can contract out or lease current services without full consultation with the union in cases where any delay would cause immediate risks to students and/or detriment to the delivery of the State School Nursing Services.
- (b) In all cases information must be provided to the union for review in relation to these cases and to assist in determining strategies to resolve any issues that arise. These circumstances would include:
 - (i) in the event of critical shortages of skill staff; or
 - (ii) extraordinary or unforeseen circumstances.

 - (e) the employer will pass on to the employee any Input Tax Credits (ITCs) it receives as part of salary packaging;
 - (f) there will be no significant additional administrative workload or other ongoing costs to the employer;
